Membership

Become a CFRA Member!

We would like to take this opportunity to welcome you to the new CFRA Membership. We hope that you will choose to join us to help improve the lives of children, families, and communities throughout California.

CFRA's primary focus remains: impacting policy change to advance the programs and resources that strengthen California families. Thanks to the support of The California Endowment, SH Cowell Foundation, and the Immigration Services Unit at the California Department of Social Services, CFRA continues to engage in a variety of policy areas that benefit families and communities throughout California.

In January of this year CFRA merged with the [California Network of Family Strengthening Networks](#) in an effort to align the field, move forward as a unified, statewide body and achieve greater impact. CFRA has also worked with partners to formally define FRC in statute through Senate Bill 436, secured state funding for FRCs to respond to COVID-19 and expanded its reach at the State Capitol, visiting the Legislature over thirty times in the span of four months, to actively advocate for home visitation and encourage policy makers to tie home visiting services to local FRCs.

CFRA has updated the core membership benefits to include CFRA Policy and Networks Committees and e-newsletters with the latest news, Legislative Update calls, policy and budget analysis, grant opportunities, and discounted rates to CFRA trainings. COVID-19 Resources

While there is a lot of information being shared right now, it can be hard to keep track of it all. The links below are related to COVID-19 response and may be of some assistance to you.

CA Coronavirus Response: Governor Gavin Newsom announced the launch of a new Novel Coronavirus (COVID-19) public awareness campaign to provide useful information to Californians and inform them of actions they can take to further prevent the spread of the virus.

COVID-19 for Nonprofits: California Association of Nonprofits has to put together resources for nonprofits to navigate through this time. Resources range from funding sources, to policy, to federal and state actions.

Children Now Resources: Children Now has compiled a list of resources that is updated regularly. This resource can be filtered by topic and easy to look through so that you can find the resources best suited for you and your organization.

The logo for Strategies 2.0 features a stylized green and orange leaf icon above the text "Strategies 2.0" in a blue, sans-serif font.

Strategies 2.0

As of July 1, 2020, Strategies 2.0 will become Strategies TA. Our work with the Office of Child Abuse Prevention (OCAP) will focus on technical assistance to counties undertaking collaborative child abuse prevention planning.

Though our online e-learnings, webinars, and recordings of our virtual trainings and Learning Community convenings will continue to be available through our [website](#), we no longer will offer on-request trainings to the family strengthening field.
